Press Release: Moran Arts Consulting Celebrates 2nd Anniversary

LOS ANGELES, September 29, 2013– Moran Arts Consulting is proud to announce its second anniversary of providing services to non-profit arts organizations including opera companies, choral ensembles, outreach programs, composers, and vocal workshops. It offers specialized support to arts organizations and individual artists by implementing a customized strategic plan to enhance their marketing, development, and administrative approach. It has become a trusted resource for those ranging from startup companies and individuals to well-established arts organizations. Recent and current clients include First Look Sonoma, Opera Parallèle, Hope University, Opera NEO, SACRA/PROFANA, Redlands Opera Theatre, and Independent Opera Company to name a few.

Since its conception, as a Woman-Owned Small Business, the company has experienced exponential growth. Owner Natalie Moran has used her training as a musician to form a company that supports not only the arts, but the artists themselves. Using her non-profit arts background, she started a business with a goal of supporting each organization's artistic vision and collaborating to deliver measurable results. After just 2 years and 30 clients, Moran Arts Consulting is now expanding to European clientele including PR work with productions at the National Opera of Ukraine in Kiev. Ms. Moran is grateful for the opportunities that have been presented to her and looks forward to what lies in store for this burgeoning company.
